Course Title: The Making of a Disciple: Walking in the Master's
Steps

Instructor: Rev. Gerard Seldon

Course Description:

In an age of distractions and drifting devotion, God is still calling men to be disciples—not in name only, but in word, deed, and daily devotion. Our class is designed to guide men back to the basics of biblical discipleship: faithfulness, spiritual discipline, obedience to God's Word, and service in the kingdom. With pastoral clarity, practical application and scriptural depth, we will explore how the Lord shapes men through trials, truth, and time. Just as Jesus walked with His disciples, molding them into men of conviction, compassion and courage, so too does He walk with us today. Please join us and be prepared to be challenged in your character, strengthened in your spirit, and anchored in your assignment.
