

MINISTERS

Course Title: “What Preachers Do When No One Is Looking”

Instructor: Dr. William E. Randolph, Jr.

Course Description:

As pastors and leaders we lead very public lives where the spotlight is always on us. In this day of smart phones and iPads, we must be careful to not become overly preoccupied with the public side of ministry while neglecting our private lives. These sessions are designed to encourage participants of the necessity of fine-tuning their private lives.
